EXPERIENCE

Superior Powder Coating, Gastonia, NC — *Material Handler*

July 2011 - on and off till September 2019

Cleaned metal material to prep for powder coating. After the material is cleaned send it in the booth to powder coat and cook in the oven. When it is done cooking it comes out with a nice coat of paint.

Freightliner, Mount holly, NC — *Truck Assembler*

March 2015 - August 2017

My job was to push the electric harness through the truck's chassis, add the water botter and the def tank, run the def line and somedays add the gas tank to the chassis while running the gas lines. We got laid off in february of 2016 and got called back in April 2017. Soon after there was talk of another lay off and I went back to Superior Powder Coating.

PPG, Huntsville, Al — *Material Handler*

February 2020 - May 2020

Tab braids to a window then wash it till the window is completely clean with no wash marks. Then check the windows electrical pattern to see for any deficiencies. I got laid off due to the coronavirus.
